THE COURSE.

Enjoyment Tees

The traditional blues, whites, yellows and reds have been replaced by the slope of the golf course

The tee markers now say the 151s, the 148s, 138s and the 132s. Outside the Pro shop is a recommendation board for all golfers to take guidance from. These are based on a golfer's handicap index & their average driver carry distance. We don't force you to play from these tees, you are now given a choice
